

XXII INTERNATIONAL METRA BUILDING COMPETITION “CONCORSO INTERNAZIONALE D'AUTORE”

Announcement of competition

METRA Building announces the new edition of the International Competition “Concorso Internazionale d'Autore”.

The participation is reserved to designers and fabricators who, for the realization of a building in Italy or abroad, have used the METRA Building Systems and/or customized aluminium profiles extruded by METRA Building. The realizations must be particularly significant, both for the technical contents and for the aesthetics.

Purpose of the competition

The competition aims at exalting the characteristics of the aluminium as a material for architecture through the images. The competition aims also at spreading abroad architectural works with particular aesthetic values, realized using traditional or advanced technologies which comply with the new standards for energy saving, acoustic insulation, comfort, recycling, etc. The participation is free.

Participation categories

- Restorations and conservative renovations, Renovations, extensions;
- New Construction in the residential sector;
- New constructions in the tertiary sector - public buildings;
- Construction of building envelopes with innovative technologies.

How to enter the competition

1. Enter the METRA website www.metrabuilding.com, select the section “News&Press/ Concorso Internazionale d'Autore” and fill in the entry form. Shortly afterwards, the participant will receive an e-mail of “entry confirmation” with a **username** and **password** which will enable her/him to go to the 2nd step “**compilation of the Job schedule and uploading of the required data**” (directly online).
2. Each competitor can submit one or more realizations. For each realization a participation form must be filled in, so each competitor will have as many forms open as realizations presented.
3. With the **username** and **password** you will access a page dedicated to each work, for the compilation of the participation form and to enter photographs of the work and data.
4. The participation form can be filled and modified anytime within the closing date; at that date the form must be complete. Incomplete forms will not be considered valid for participation.
5. The photographs must be in JPG or TIF format with a high definition (minimum 1mb). A minimum of 10 and a maximum of 30 photographs must be submitted. For the selection it is recommended to submit general shots of the general shots of the building as a whole, close-up shots and detail shots.

6. **Entries which are incomplete by the deadline for submitting entries will not be allowed to participate in the competition.**
7. **Important:** The participant who fills in the form is obliged to inform the other interested parties (facade builder/ landlord and/or designer and/or client) of participation in this competition.
8. The material must be submitted in Italian or English.

Expiry

All the documents must be sent by **10/09/2021**.

Submitted material

The competitors authorize METRA to use all material submitted such as photographs, data of competitors, data of the building, descriptions, etc.

METRA reserves the right to publish the most significant realizations in prestigious magazines as well as in promotion material, deciding on modalities.

Jury

The works will be assessed by an irrevocable and unquestionable jury composed of authoritative and qualified representatives of the academic, design, economic and industrial world, which will examine the entries received, select the most deserving, formulate the reasons for the award and decide on any question of interpretation of this competition.

Result of the competition and prize-giving

The winners will be formally notified of the results of the competition. The prize will be awarded personally. The date and the room where the award ceremony will take place will be communicated to the winners later by e-mail.
